# SOLUB-ease

## *Instantize your powders*

### YOUR POWDERS, INSTANTLY SOLUBLE

With SOLUB-ease, your powders dissolve perfectly—with no deposits, no clumps, and no loss of taste or nutritional value.

Fast, uniform, and guaranteed solubility.

Powders ready in an instant, for a flawless consumer experience.

### THE SOLUTION : SOLUB-ease

The convenience of powders relies on one essential quality: perfect solubility.

An ideal powder dissolves instantly in water—or any other liquid—without clumping, floating on the surface, or settling at the bottom of the container.

At Innov'ia, we master the art of instantization to ensure an optimal consumer experience.

Thanks to our expertise, your powders gain the exact properties required for a smooth, fast, and complete dissolution—right down to the very last grain

- Controlled solubility, without clumps or residues.
- An optimized dissolution speed, for instant preparation.
- A tailor-made treatment, adapted to each recipe and every liquid matrix.
- Exclusive processes that act only on particle shape and size—without altering taste or nutritional value.

With SOLUB-ease, your powders become perfectly ready to use, offering your consumers comfort, simplicity, and consistent quality.

### TRANSFORM YOUR POWDERS INTO INSTANTLY APPRECIATED SOLUTIONS.

At Innov'ia,  
our services are tailor-made,  
with a wide range of  
additional options available.
